

Tin Mountain Conservation Center Winter Camps 2017
TMCC Nature Learning Center, Albany

It's vacation week, and the fun abounds for children. Join us for a day (or two!) of exploring the natural world in winter.

Winter Survival

Tuesday, February 21, 9 AM - 3 PM

Grades 4-6

Do you think you could light a fire, build a snow shelter, or boil water for cooking to survive the winter cold? Learn the basics of staying warm in winter. Dress warm and bring a lunch, and small snow shovel for digging snow shelters. We'll provide cocoa and snowshoes.

Tracks and Trails

Wednesday, February, 22, 9 AM - 3 PM

Grades K-3

We will strap on our snowshoes and head out in search of the wildlife that has been out and about on the Tin Mountain trails. From fox to squirrels, wildlife tracks abound! We'll provide cocoa and snowshoes.

Nature Journals and Sketching

Thursday, February, 23, 9 AM - 3 PM

Grades 3-5

Winter is a great time to observe bird nests, animal tracks, birds at the feeder, tree bark, and buds. We will observe, sketch, and describe what we find as we explore the Rockwell Sanctuary on snowshoes. We'll provide cocoa and snowshoes.

Winter Adaptation

Friday, February, 24, 9 AM - 3 PM

Grades 2-4

From fur and feathers to sleeping or staying put, we will explore the world of nature in winter and the ways both plants and animals adapt to snow, ice, and cold temperatures. We'll provide cocoa and snowshoes.
