*Nature...  
There Is No Better Classroom!*

Barbara Rockwell Henry founded Tin Mountain Conservation Center in 1980. Her dream was to promote an appreciation of the environment among children, adults and families.

It is now 40 years since Barbara's first vision and much has been accomplished as her legacy lives on through Tin Mountain programs and outreach. With a love of nature, our environment will be protected and respected.

In her honor and memory, the Barbara Rockwell Henry Legacy Society has been established. The Society serves to enable members and friends to witness the strength of a legacy gift, memorialize a loved one and secure the future of Tin Mountain. Please consider one of the many options for making a provision with your estate plan for Tin Mountain Conservation Center.
