

Tin Mountain Volunteer Thank You Luncheon

Saturday, April 27, 11am-12:30pm
Nature Learning Center, Albany

After everything you do for us, let us do something for you! Whether you currently volunteer or are interested in starting, join us for a good lunch and great company. Then stay for the program following!

Marquetry: Creating Fine Crafted Art in Wood

Saturday, April 27, 1-3pm
Nature Learning Center, Albany

Marquetry is the art of assembling thin slices of wood to form an image. Current artist on display, Craig Altobello, will walk us through the process of turning logs into works of art from cutting his own veneers to the beeswax finish.

Birding in the Bog

Saturdays April 27, May 4, 11, 18 & 25, 7am
Meet at G & S Store in Brownfield

Join birders of all levels on this weekly bird walk through the bog and view the rich diversity of bird life that makes it way north to rest or nest. Bring binoculars (or borrow ours), rubber boots, and a snack. Our final week will be via canoe!

MWV Earth Day FUNERGY Festival

Sunday, April 28, 10am-1pm
Schouler Park, North Conway

Join Tin Mountain and many other organizations at the 9th Annual Earth Day Funergy Festival. Participate in educational and energy related activities, peruse environmentally friendly goods and services, and learn about sustainability initiatives in the Valley.

Identifying Spring Warblers

Wednesday, May 1, 7pm

Whitney Community Center, Jackson

Will Broussard will prepare you for the upcoming warbler season with a review of the common and not-so-common warblers of the area. All aspects of ID will be examined including field marks, song, and habitat.

Thursday Morning Jackson Bird Walks

May 2 – June 6, 7:30am

Parking lot, Valley Cross Rd in Jackson

All birding levels welcome.

Pop-Up Program!

Spring Wildflower Walk at Humphrey's Ledge

Date to be determined by the flowers

Interested in joining us for an exploration of the first flowers of spring? Call 447-6991 to reserve a spot for this program; the date will be determined by the flowers, but the display is sure to please. Dutchman's breeches and hepatica are some of the flowers we're sure to see.

Tin Mountain Volunteer Morning Coffee Meeting

Monday, May 6, 9 AM

Nature Learning Center, Albany

Join us for our monthly Volunteer Coffee Meetings.

EcoForum: Smartphone Citizen Science in the Mtns

Thursday, May 9, 12-1pm

Nature Learning Center, Albany

Do you take photos with your phone when out on the trails? Turn your mobile device into a reporting tool with Naturalist and join other citizen scientists by documenting the flowering plants you observe on your next hike. By participating you can contribute to AMC's Mountain Watch study to understand seasonal plant development in the context of climate change and improve your knowledge of plants and the biodiversity of the region. Join AMC staff scientist, Georgia Murray, and Annie Evankow to learn more about the program.

Crows and Their Winter Roosts

Thursday, May 9, 7pm

Nature Learning Center, Albany

Crows are intelligent and adaptable birds. Dana and Bob Fox will share what they have learned about 25,000 wintering crows over two years through detailed observation and much reading.

Annual Meeting & Field Day

Saturday, May 11, all day

Nature Learning Center, Albany

Join us for morning field trips, our annual awards, and this year's keynote speaker. Dr. Alan Eaton, Entomology & IPM State Specialist, Emeritus. Call 603-447-6991 for info and reservations.

Tin Mountain Conservation Center, 1245 Bald Hill Rd, Albany, NH 03813

Monitoring Reptiles & Amphibians in NH

Wednesday, May 15, 7pm

Nature Learning Center, Albany

Did you know that there are 39 herptile (reptile and amphibian) species in NH? Come learn about the state's herptile population and the NH Reptile and Amphibian Reporting Program (RAARP). Melissa Doperalski of NH Fish & Game will present on how the program works and how you can help contribute.

Family Spring Celebration

Saturday, May 18, 10am-noon

Nature Learning Center, Albany

Spring is here! Come celebrate the return of warm weather, new growth, and mud! Join us for a morning of insect and amphibian exploration, nature walks, crafts and stories. Our spring family celebration is open to all, but geared toward families with children 5 and under. Program Sponsor: Settlers Green

Environmental Trivia

Friday, May 31, 6:30-8:30pm

Tuckerman Brewing, Conway

Join Tin Mountain Conservation Center at Tuckerman Brewing Co. for a fun evening of environmental trivia, food, beer, & prizes! Come with a team or join one when you arrive. Trivia starts at 7pm. \$5 donation.

Spring Wildflower Walk

Saturday, June 1, 10am-12pm

Great Glen Trails, Pinkham Notch

Come view the early summer wildflowers in Pinkham Notch on this morning walk. Species we expect to see include pink lady's slipper, trout lily, star flower and more. Join us on this kick off to our North Country Nature Programs and explore north of the notch!

Program Sponsor Tillotson Foundation.

Tin Mountain Volunteer Morning Coffee Meeting

Monday, June 3, 9 AM

Nature Learning Center, Albany

June EcoForum TBA

Thursday, June 13, 12-1pm

Nature Learning Center, Albany

Shiitake Logs

Wednesday, June 12, 4-6pm

Nature Learning Center, Albany

Interested in growing your own shiitake mushrooms? Participants will inoculate oak logs with shiitake mushroom spawn, learn how to care for and cultivate them, and leave with their very own mushroom log! Cost: \$5/member, \$10/non-member; all materials provided.

Canoeing Kezar Pond: An Ecological Exploration

Saturday, June 15, 8:30am-1pm

Meet Hemlock Bridge, Frog Alley Farm Rd, Fryeburg
Tin Mountain and Upper Saco Valley Land Trust are teaming up to host an early summer exploration of Kezar Pond with Dr. Rick Van de Poll. Kezar Pond is an oligotrophic glacial lake right off the Old Saco River course. Rick will provide an in-depth look at flatwater, river and pond ecology, water quality parameters, aquatic vegetation, and bog moat dynamics. Bring a snack, water, and layers. This inclusive program will provide all the information necessary for monitoring small water bodies. Program fee: \$10/person. Space is limited, call for reservations 447-6991.

Yellow Lady's Slipper Field Trip

Tuesday, June 18, 7am-4pm

Meet at Grants parking lot, Glen

Yellow lady's slippers, a white cedar swamp, and Alces alces are excellent reasons to explore the North Country with naturalist, Peter Benson. We will explore The Nature Conservancy's Hurlbert Swamp in Stewartstown, NH, a 313 Acre northern white cedar swamp. Bring binoculars, boots, sturdy shoes, and a hearty lunch. Reservations requested; call 447-6991. Sponsored by the Tillotson Foundation.

State of the Loon; the Natural History, Challenges, and Successes of Loons in NH

Thursday, June 20, 7pm

Nature Learning Center, Albany

Have you ever wondered why a loon's eyes are red? Why loon chicks ride on their parents' backs? And what loons are saying with those eerie calls in the night? Join Harry Vogel, Loon Preservation Committee, to learn about this amazing bird.
